

Speakers Bureau

Topic: Sexual Orientation

What is it?

It involves a short presentation by a gay or lesbian person – and/or the parent(s) of a gay or lesbian child – about civil rights law and what it is like to be gay or lesbian in Dubuque, Iowa.

Why?

1. It is part of a larger education effort by the Dubuque Human Rights Commission;
2. It is a way to help people know their rights and responsibilities under the law, especially with the addition of “sexual orientation” to the city’s human rights ordinance;
3. It places a human face on an abstract issue.

Who can use this resource?
